While EU politicians are debating instead of taking action, children are left unprotected.

- Every half a second = 1 image of child sexual abuse is reported online
- In 2024, there were 546,000 online grooming reports
- Up 192% from 2023
- AI-generated child sexual abuse surged 400% in 2025, with 78% showing the most extreme forms of abuse

Our leaders are FAILING to protect our children. 1 in 5 of these desks is a child's future destroyed by political inaction.

The technology exists. Laws exist elsewhere.

Only political will is missing.
